REPORT ON:

Student Development Program On “An Effective Business Planning and Decision -Making through SAP (FICO)”

**29th December 2018
Yelahanka, Bengaluru**

A Student development program on ‘An **Effective Business Planning and decision – Making through SAP (FICO)**’ was organized by Post Graduate Department of Commerce and Management, SFGC, Yelahanka on 29th December 2018.

The SDP was started with lighting of the lamp. The **inaugural address** was given by Dr Vatsala G, Director, SIMS, Yelahanka, Bangalore. She spoke on important of SAP Software usability in the business world and How SAP is used for Effective and powerful tool for Decision making through SAP FICO.

SAP FI stands for Financial Accounting (FI). It compiles and stores business transaction in a way that satisfied the report. It allows managers to assess the fiscal position of the company in real

time. This software too helps in booking receivable, sending and collecting payments, issuing notices and account statements. It is employed to store the financial data of an organization. SAP FI helps to examine the financial conditions of a company in the market.

SAP CO stands for Controlling (CO). It is a function which provides the information for company management decision. It also helps coordination, monitoring and optimization of all process in an organization. SAP CO includes managing and configuring master data that cover cost and profit centers, internal orders, and other cost elements and operational area.

On an overall basis, the Student Development Program was very informative and Fruitful for student. The general response has been very positive and the Student Development was a great success.
